MESSAGE FROM THE MINISTER:

Talofa lava!

As the Minister for the Gambling Control Authority I am pleased to present the Annual Report for the financial year July 2017 to June 2018.

The Gambling sector continues to grow and government through the Authority will continue to guide and shape the direction of this growth to ensure that any harm to the community is minimized and the revenue generated benefits the community and contributes to our economy through economic diversification.

I am proud of the progress the Authority has made this past year, especially with the passing of the Gaming Control Act 2017.

This is the Authorities 2nd main legislation and gives it the mandate to license and regulate all forms of Gambling in Samoa. This had originally been under the Authority of the Samoa Police Department. This is a major milestone for the Authority and will add to its regulatory role which had previously been limited to the Casinos.

It is wonderful to see that the Authority is an organization committed to investing in the skills needed to build a dynamic and capable organization that is ready for the many challenges posed by the ever changing gaming industry as technology continues to evolve and change the types of gambling platforms available.

I wish to thank the Management and Board of the Authority for their outstanding work this past year as we strive to build an agile and capable Authority. Congratulations again and please accept my best wishes and I look forward to working with them in the next financial year.

Ma lo'u fa'aāloālo tele,

Hon Lautafi Fio Selafi Purcell

MINISTER FOR GAMBLING CONTROL AUTHORITY

CHAIRMAN'S MESSAGE

It is not by chance that GCA has, in a short span of time, progressed from a newly formed statutory Authority to a well-regarded regulator, having put in place a robust regulatory regime and has added to it with the latest addition to its legislative amour being the Gaming Control Act 2017.

Whilst we have made great strides, we must remind ourselves that this is a continuous journey. Looking ahead, our work will increase in complexity as new challenges surface in view of the continuous changes to our operating landscape. We must remain cognizant of the developments, seize opportunities and overcome challenges in our way ahead.

We must examine our operating parameters and consider how best to continue meeting our regulatory objectives with the emergence of new technology and gaming products, which may challenge or be not covered by the status quo.

Casino regulatory systems will be increasingly challenged by developments in technology with potential impact on casino operations, both in gaming and otherwise. These technological advances in the casino industry which may affect casino operations and gaming bring about different risks to the mission and objectives of regulators worldwide. For example, the growing trend in skill-based gaming and the development of new gaming platforms such as virtual reality and mobile gaming, that may be used in future in gaming.

Regulators, including GCA, need to monitor emerging trends and recent developments across the globe, such as the use of crypto currencies and deployment of skill based games.

As the challenges of competition and disruptive technologies affect the industry, GCA must remain committed to its mission. GCA should keep itself plugged in to the development of the industry and anticipate the changes ahead. GCA should also use technology extensively to increase its effectiveness. Whilst GCA regulates robustly to ensure that risks are mitigated, it must also do so without imposing unnecessary burden and cost to the industry. This means that GCA needs to have the necessary regulatory tools and mindset to anticipate and respond with agility.

Conclusion

The passing of the Gaming Control Act 2017 is the result of the hard work of the GCA Board and Management and is the culmination of many years of drafting and preparation. It gives the GCA a more expanded role with the responsibility over licensing, and regulating all forms of non Casino gambling in the Country.

This expanded role will challenge the capacity of the GCA and will involve public awareness campaigns, education, monitoring and eventually enforcement through prosecution. It has been a year of accomplishments and we need to build on this and further strengthen our capabilities and ensure our regulatory regime remains relevant and effective across all our mission areas.

To do this, GCA will need to continue to collaborate and build on the strong ties that we have developed with our partners, and establish new relationships at the same time. We should also commit to the development of our officers as professionals and make use of technology as our enabler. I am confident that GCA will continue to build on our success and uphold the trust of the public.

I would like to pay tribute to our Management and Staff for all their hard work during a challenging year. Significant changes to our structure and legal framework were put into effect during the year, and I am pleased to record the smooth transition due to good preparations and planning.

Samau Fanene Etuale Sefo
Chairman
Gambling Control Authority.

CHIEF EXECUTIVE OFFICERS MESSAGE

The GCA was established to (i) Issue Casino licenses; (2) Keep the casinos free from criminal influence and exploitation; (ii) ensure that gaming in casinos is conducted honestly; and (iii) contain the potential harms of casino gaming. After another busy year, it is time to reflect on what we have done in furtherance of our mission and to ponder how we can prepare ourselves to better meet future challenges.

This has been a year of change across the gambling sector – a year that has seen increased public scrutiny of the industry and of the Gambling Authority as the regulator of commercial gambling and the National Lottery with the introduction of our new Gaming Control Act passed in December 2017 and which came into force in May 2018.

We continue to review our regulatory approach and processes during the year to ensure that gaming is conducted honestly and free from criminal influence . We monitor this by ensuring all Electronic Gaming Machines (EGMS) and Gaming equipment used in the Casinos is checked and approved us in order to ensure gaming integrity and to thoroughly vet all persons associated with Casino operations. This is followed up by our regular inspections and audit checks.

GCA remains resolute in our commitment to protect our society from the potential harm of casinos. We continue to hold the casino operators tightly to a stringent set of safeguards and the prohibition on locals entering or gambling in the Casinos and we have taken disciplinary actions against them when there were lapses. Our firm stance has sent a strong and clear signal to the casino operators that GCA takes a serious view towards social safeguards. Since the casinos commenced operations in 2015, the casino operators have taken steps to strengthen their controls and processes to ensure that the social safeguards are properly implemented and that locals and vulnerable groups such as minors and excluded persons are kept out of the casinos. For example, the casino operators conduct more thorough identification and verification checks on individuals. Through our ground presence in the casinos, GCA will continue to exercise close supervision and oversight of the casino operators' efforts in improving their implementation of the social safeguards.

Our new Gaming Control Act 2017 has seen the extension of GCAs regulatory role and capacity to encompass all forms of gambling, Gaming and sales promotion schemes in the Country. This has been a challenge which the GCA has met with numerous public consultations and feedback prior to the passing of the Act and numerous public awareness radio campaigns as well as TV infomercials to inform the public of the new licensing requirements after the passing of the Act.

DEVELOPMENT OF COMPETENCIES

Notwithstanding our past achievements, we need to ready ourselves to tackle what lies ahead and what the evolving landscape may bring. GCA continues to focus on sharpening the regulatory acumen of our officers through a structured framework for developing core and functional competencies, and knowledge. This requires us to look within ourselves to identify the competencies and skill sets that will enable us to stay agile and effective as a regulator. Appropriate training roadmaps and learning interventions will be further developed to support the competency framework. This is even more relevant given the passing of our additional legislation in December 2017, The Gaming Control Act 2017 – which extends our role as regulator to all forms of gambling, gaming and sales promotion schemes in Samoa.

The importance to GCA of regularly continuing to send our officers to other jurisdictions to enable them to learn and broaden our exposure to the evolving practices and regulatory principles of international regulators has paid dividends

with staff better equipped to deal with this fast evolving and constantly changing industry. It is through such holistic competency and capability building, and meaningful interactions with our regulatory counterparts that we can be assured that GCA is better equipped for future challenges while staying focused on our mission. This is an international business with cross border implications and we need to constantly share with our international regulator colleagues at key forums.

It is also necessary for GCA and our officers to be supported by a sound system and infrastructure and we have to deploy information and communications technologies to yield the greatest return for our key operations and businesses. We must ensure we equip our officers with robust systems and tools that allow them to carry out their work more efficiently and effectively.

HIGHLIGHTS OF 2017 – 2018

- commencing in June 2017, The Gambling Control Authority, provided workshops and consultations with stakeholders, village councils and members of the public for awareness of the gaming and gambling in Samoa. Feedback from the consultations held in both Upolu and Savaii had an immense contribution to the drafting of the Gambling Control Bill 2017.

- August 2017 saw the Re-appointment of our Board members as listed

Fanene Samau Etuale Sefo (Chairperson)

Rev.Uta Muaulu

Tupa'imatuna Lavea Iulai Lavea (CEO-Ministry of Finance)(ex –officio)

Lemalu Herman P. Retzlaff (Attorney General)(ex-officio)

And Oloipola Terrance Betham as the Secretary of the Board.

The continuation of our Board membership has been a huge advantage as they have been the basis of a stable and consistent development and progress of the GCA in its infancy and are up to date on all the developments and goals of the Authority.

- Over September, we continued to steadily progress our Gaming Control Bill 2017 and Casino and Gambling Control Amendment Bill (no.2) 2017 from consultations with our stakeholders and the Public.

- White Sands Casino – saw a change of ownership with the Samoa National Provident Fund, confirmed as the majority shareholder of the Hotel and WSC at Mulifanua.

- In October we also launched our Samoa National Lotto's new product the "Samoa National Bonus" in both Upolu and Savaii to compete with the current commercial bonus operators as a lead up to the passing of our proposed legislation.

- The CEO and Senior Gambling Inspector, Tuai'faiva Elia attended the Global Gaming Expo (G2E) 2017 & Pre-licensing Financial & Background Investigation Training held at the Sands Expo and Convention Center, Las Vegas, Nevada, USA from the 2nd to the 5th October 2017.

- December 2017, The Gaming Control Act 2017 was passed by Parliamentary sitting on the 20th December 2017, to be effective and implemented on the 1st May 2018.

- In preparation for our new Act coming into force GCA rolled out a series of public consultations and awareness programs on the radio and TV so that the public are well aware of the implications of our new Act once it comes into force.

- CEO attendance at the 2018 Australasian Casino & Gambling Regulators CEOs conference & CEOs meeting Gold Coast, QLD Australia from the 16 – 18th May 2018.

CONCLUSION

For the past seven years, GCA has been extremely fortunate and privileged to have a stable Board under the leadership of Chairman Fanene Samau Etuale Sefo. The Boards Vision and experience has guided us to where we are today and has nurtured the organisation from being an inexperienced regulator to one that practices international best practices and is continually evolving. They have recognized that the GCA cannot develop and expand its regulatory capacity in a vacuum and to this end have encouraged our attendance and participation in Regional and International Gambling Regulator meetings and forums. On behalf of GCA, I would like to take this opportunity to thank Chairman Fanene Samau Etuale Sefo and also Oloipola Terrance Betham for their invaluable guidance and excellent stewardship during this period.

As a regulator it is important that we hold ourselves to the same high standards that we expect of others. This means constantly reviewing our performance in priority and core areas such as licensing, regulations and compliance; and then taking significant steps to further improve, maximise our impact and provide continued value for money.

As we work to raise standards in the industry it is important that we turn the mirror on ourselves and work to raise standards in our own organisation to further improve regulation.

Beyond our formative years, the road that lies ahead will be no less challenging. 2020 will see the 10 year prohibition on the number Casino licenses expire and we are sure we will receive more expressions of interest as Samoa opens up more to the tourism market with the imminent opening of direct flights from China etc. GCA will continue to review all new applicants to ensure that casino operators are suitable to hold the licences. We will continue to be thorough and objective in carrying out our assessment of all and any applicants.

WHO WE ARE

We are a State Owned Enterprise, now categorized as a Public Beneficial Body.

The Gambling Control Authority was established by the Casino and Gambling Control Act 2010 for the promotion of tourism to provide for licensing of casinos and control of their operations, and for other forms of gambling to meet its objectives as follows:

- Promote probity and integrity in gambling
- Maintain the probity and integrity of persons engaged in gambling in Samoa
- Promote fairness, integrity and efficiency in the operations of persons engaged in gambling in Samoa
- Reduce and contain adverse social impact of gambling
- To promote a balanced contribution by the gambling industry to tourism and general community benefit and amenity

The Gambling Control Authority exists to safeguard consumers and the wider public by ensuring that gambling is fair and safe. We do this by placing consumers at the heart of regulation, maintaining the integrity of the gambling industry and being an exemplar of best practice both locally and internationally

We license operators and individuals in Samoa that provide ,gaming products, gaming machines, betting, lotteries, bingo, remote gambling (online, telephone), casinos and gambling software. We are also responsible for operating the Samoa National Lottery.

In addition to the Casino and Gambling Control Act 2010 the other main piece of legislation that has been introduced and now also underpins our work is:

1. The Gaming Control Act 2017 which gives us the authority and duty to regulate all gambling in Samoa. This legislation has dramatically increased the scope of our responsibilities to license all gambling in Samoa for the sole purpose of funding nonprofit community or charitable causes and sporting organizations, and also requires any operator wishing to sell gambling products or services to and with consumers in Samoa to obtain an operating license from the Gambling Control Authority.
2. The National Lottery which sets out the framework within which we regulate the National Lottery and we are tasked with ensuring that this is profitable and provides funds for distribution to no profit organizations, sporting associations, charities, educational grants etc.

In this capacity the GCA has partnered with the Ministry of Revenue and Ministry of Commerce Industry and Labour to ensure compliance with and enforcement of the law and assist us to collect and analyze data to monitor changes that may have an impact on the regulatory framework, and to make sure we are up-to-date with gambling industry statistics and gambling-related research internationally to inform our work.

To keep up with our expanded role we have increased our staff numbers and we currently have around 41 employees, mostly based at our offices in Apia, Upolu, including around 6 employees working across the big island of Savaii based at Salelologa. This number will increase with our planned expansion of our office in Savaii as well as the relocation of our head office in Apia once we identify suitable premises/land for either renting or building etc.

OUR MISSION, VISION & VALUES

OUR MISSION

"To control the growth of gaming and gambling in Samoa, ensuring that Casino operations remains free from criminal influence/exploitation, ensuring control of all forms of licensed gambling to not affect minors, vulnerable persons and the society at large and promote a balance contribution by the gambling industry to tourism and general community benefit and amenity and the development of Sports in Samoa."

- To control the growth of gaming and gambling in Samoa ensuring that the management and operations of a casino is and remains free from criminal influence or exploitation.

AUDIT OFFICE

REPORT OF THE AUDIT OFFICE

TO THE GOVERNING BODY IN CHARGE OF GOVERNANCE – GAMBLING CONTROL AUTHORITY

Audit Opinion

We have audited the accompanying Financial Statements of the Gambling Control Authority which comprise the Statement of Financial Position as at 30 June 2018, the Statements of Financial Performance, Changes in Equity and Cash Flows for the year then ended, a Summary of Significant Accounting Policies and Other Explanatory Notes. The Accounting Firm of Lesā ma Penn, Chartered Accountants, assisted in the audit. The Engagement Partner on the audit resulting in this Independent Auditor's Report is Magele Arthur Penn.

In our opinion, the financial statements give a true and fair view of the financial position of the Authority as at 30 June 2018, and of its financial performance, changes in equity and cash flows for the year then ended, in accordance with International Financial Reporting Standards (IFRS).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of Financial Statements* section of our report. We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of financial statements in Samoa, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Responsibilities of Those Charged with Governance for the Financial Statements

Directors and Management are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards, and for such internal control as directors and management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors, either intend to liquidate the Authority or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with these International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

AUDIT OFFICE

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures, are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors and Management regarding, among other matters, the significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion the financial statements have been prepared in accordance with and comply with the requirements of:

i. Companies Act 2001 in all material respects, and;
   a. we have been given all information, explanations and assistance necessary for the conduct of the audit; and
   b. the Company has kept financial records sufficient to enable the financial statements to be prepared and audited.
ii. Public Bodies (Performances and Accountability) Act 2001, and the
iii. Public Finance Management Act 2001.

Our audit was completed on the 21st December 2019 and our opinion is expressed as at that date.

Gambling Control Authority
Notes to Accounts
For the year ended 30 June 2018

1. General

The Gambling Control Authority was established by the Casino and Gambling Control Act 2010.
The principal function of the Authority in accordance with the Act under section 7, is to keep gambling fair and safe for all consumers by:

(i) Promoting probity and integreity in gambling
(i) Maintain the probity and integrity of persons engaged in gambling in Samoa
(iii) Promote fairness, integrity and efficiency in the operations of persons engaged in gambling in Samoa
(iv) Reduce and contain adverse social impact of gambling.
(v) To promote a balanced contribution by the gambling industry to tourism and general community benefit and amenity

Under the New Gaming Act the Authority will be sole regulator responsible for the licensing and supervision of all forms of gambling in Samoa.

The Authority has power to do all things necessary or convenient to be done in connection with or as incidental to the performance of its functions.

Gambling Control Authority Board members as at the date of this report were as follows:

Fanene Samau Etuale Sefo	-	Chairman
Lemalu Herman Retzlaff	-	Board of Director
Rev. Uta Muaulu	-	Board of Director
Tupa'i Matuna Iulai Lavea	-	Board of Director

2. Statement of Accounting policies and estimates

(i) Basis of accounting

The accounts have been prepared on the basis of historical cost using generally accepted accounting principles consistently applied and do not take into account changing money values. The accrual basis accounting is adopted. Accounting policies appropriate for report results and the Agency's financial position as required by the relevant sections of the Casino and Gambling Control Act 2010 - Section 19 have also been complied with. These financial statements have also been prepared in accordance with the requirements of the *International Financial Reporting Standards* issued by the International Accounting Standards Board (IASB).

(ii) Functional and presentation currency

The functional currency is the Samoan Tala (ST) and all amounts are expressed or presented in Samoan Tala. Transactions in foreign currencies are translated to functional currency at exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated to the functional currency at the exchange rate ruling at that date. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated to the functional currency at the exchange rates ruling at the dates the far value was determined.

(iii) **Property, Plant and Equipment**

Items of property, plant and equipment are stated at cost and are depreciated at rates estimated to recognise the consumption of the economic benefits of the property, plant and equipment over their useful lives.

Depreciation

Depreciation is calculated on a straight-line basis to recognise the consumption of the economic benefits of an asset over its useful life.

The rate at which depreciation charged is as follows:

Office Furniture and Fittings	20%
Equipment and Computers	20%
Motor Vehicles	20%

(iv) **Comparative information**

Comparative information has been restated where necessary to achieve consistency in disclosure with current financial year amounts.

(v) **Taxation**

There is no provision in the Casino and Gambling Control Act 2010 as to the taxation of the Authority's income.

(vi) **Revenue recognition**

Revenue comprises of application (expression of interest) and license fees, referral guest card, monthly percentage from casino gross gaming revenue. Revenue are recognized when they are earned and not when they are received.

(vii) **Receivables**

Receivable are stated at expected realisable value.

(viii) **Provision**

A provision is recognised in the statement of financial position when the Company has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation.

(ix) **Value added goods and services tax (VAGST)**

Gambling Control Authority is zero-rated for VAGST.

(x) **Employee benefits**

Gambling Control Authority contributes toward the Samoa National Provident Fund, a defined contribution plan in accordance with local legislation and to which it has no commitment beyond the payment of contribution. Obligations for contributions to the defined contribution plan are recognised immediately in the statement of financial performance.

Liabilities for annual and sick leave are accrued and recognised in the balance sheet. Annual leave are recorded at the undiscounted amount expected to be paid for the entitlement earned. Sick leave is calculated at 1/3 of the total days.

(xi) **Investments UTOS**

Investments in units at UTOS are recorded initially at cost ant valued at fair value at balance date using the withdrawal unit price issued by UTOS. Charges in fair value are taken to income.
